DETAILED ACTION

Allowable Subject Matter

- 1. Claims 1-12, 14-15, 17-19, and 21 are allowed.
- 2. The following is an examiner's statement of reasons for allowance: Claims 1-9 are allowed because the closest prior art of record fails to disclose a circuit as shown in Figure 1 wherein the apparatus includes an interface unit (30) serially coupled to a first transistor (10), having a first breakdown voltage and operating under a first operation voltage, and a second transistor (20), having a second breakdown voltage and operating under a second operation voltage, for preventing the first operation voltage higher than the first breakdown voltage and the second operation voltage higher than the second breakdown voltage; wherein the specified operation voltage is higher than both the first operation voltage and the second operation voltage in combination with the rest of the limitations of the base claims and any intervening claims. Claims 10-12 are allowed because the closest prior art of record fails to disclose a circuit as shown in Figure 2 wherein the interface unit comprises: a capacitor (34) coupled to the resistor (32) in parallel in combination with the rest of the limitations of the base claims and any intervening claims. Claims 14-15 and 17-19 are allowed because the closest prior art of record fails to disclose a circuit as shown in Figure 3 wherein the second transistor (30) operates in a triode region or a saturation region (see specification page 6, lines 8-9) in combination with the rest of the limitations of the base claims and any intervening claims. Claim 21 is allowed because the closest prior art of record fails to disclose a

circuit as shown in Figure 3 wherein the second transistor (30) has a gate for receiving a first control signal (V_{PS1}) to make the apparatus in a power-saving mode in combination with the rest of the limitations of the base claims and any intervening claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
